Live
the true GREEN dream

Learn
\( \frac{2}{5} + \) to love your world

Work
in fresher air

Play
in greener pastures

Printed on 100% recycled paper
Let us guide you through our GREEN path.

**Equipped with:** Energy Management System (EMS) that monitors and reduces utilities consumption

**80% of our light bulbs are LED light bulbs which reduces electricity consumption.**

**All hallway areas have auto-sensor controlled lighting in conjunction with natural lighting strategies.**

**Designated smoking areas are located at least 10 meters away from all entrances.**

**A transportation hub is located within 500 meters away from the Centre which encourages the usage of public transport.**

**Rainwater harvested on our roof is used to irrigate our landscape needs.**

**Let’s be GREEN!**
